

Driving Directions

We fly out of **Atlantic Aviation at Addison Airport located at 4400 Glenn Curtiss Drive, Addison, TX 75001, (972)713-7000 Phone**. This is Atlantic Aviation's phone number so if lost when driving out you can contact them where we may be flying prior to your flight and unavailable to take your call!

DIRECTIONS FROM DALLAS NORTH TOLLWAY: From the Dallas North Tollway, you exit Keller Springs and go west towards Addison Road. IF going north on the tollway from say 635, you will take Keller Springs/Westgrove exit and when you approach traffic light at Keller Springs (before Westgrove fyi) you will make a left hand turn on Keller Springs and if coming from the north, headed south on the tollway, you will take the West Grove/Keller Springs exit and make a right hand turn on Keller Springs which is south of West Grove fyi. **Once you get to Addison Road.....turn right (north) and drive about 100 yards and your first left hand (street) will be called Glenn Curtiss (small blue sign)**. A good land mark to help you find the street is a post with a few signs for businesses that are located back on Glenn Curtiss. There is no sign for Atlantic Aviation which is located at the very end of the street. LOOK FOR two signs that say AMERICAN FLYERS and AMERISTAR which is/are right above the small sign that names the street. Those are well lit signs at night so once you see those two signs on your left.....turn left on to Glenn Curtiss. **Take Glenn Curtiss all the way to where it appears as though it dead ends** . You will see a parking lot to the right BUT that is NOT where you park OR stop! Please note that at the end of the street when it looks like it dead ends, you will want to continue driving to the left and look in front of you to the left.....about a 11-11:30 position! **Look for a two story white cement building with dark tinted windows that says "ATLANTIC AVIATION" in blue letters on a wing coming off the building**. You actually enter the building through double glass doors which are located under the covered carport where above it on the side of the building it says Atlantic Aviation. Owner David Snell's cell is 469-767-2645 if you are having real issues or are running late etc.....otherwise you can call Atlantic Aviation for direction help if close by but are having issues.

Please arrive 15 minutes before your scheduled departure time (crucial for Christmas or Valentines flights). Your airplane will be parked on a private ramp right outside the lounge you will wait in. Please print directions ahead of your flight.

If you have any questions as to how to get to the terminal we depart from, please call Owner David Snell's cell phone at 469-767-2645. If he does not answer, chances are we are in the air and will be down soon!
